# Staff Insight

Right questions. Right people. Right time.

## Give your staff a voice

- Crowd-source ideas, explore barriers to change and gain real insight
- Deploy annual staff surveys and dig deeper into underlying themes
- Run your mood monitor, pulse check or engagement survey
- Release surveys as staff enter a building or complete a trigger event
- Fully integrates with our Staff Engagement App, for push notifications and interactive features

## Avoid information overload by targeting your surveys

- Assign surveys to different staff groups (e.g. new joiners, those affected by a change programme) to avoid overload
- Schedule surveys for greater impact
- Smart reminders

## Increase efficiency

- Automatically get feedback on routine processes (induction, on boarding, etc)
- All your survey data in one place for powerful automatic analysis
- Set up timelines to automate feedback

## Invite staff to participate over completely new channels

- SMS in-app notifications, newsflash banner, mass email
- Your content (documents, images, links, etc.) to the right person at the right time

## Your questions, our beautiful design, look and feel

- Host images and videos as stimulus
- Media library: response test ideas for change, show animations or videos and seek feedback on proposals

## Smart reporting

- Code and weight the responses for powerful performance metrics
- You engagement dashboard: mood monitor, pulse check or engagement survey
- Automatic dissemination: Reports emailed automatically to the right person

## All managed by you in the control panel

- Create as many surveys as you need, for as many respondents as you like.
- Fully hosted with no IT footprint
- Maintain your own company profile
- Manged Service Support on hand when you need it

Deliver on your promise of two-way engagement and listening, by getting any question, to any staff group, on any device, at any time. Staff Insight comes fully integrated with your app and portal to meet you staff engagement and staff insight needs.
